Vocational School Latino Educational Training Institute

About Mission & Vision

The Latino Educational Training Institute strives to facilitate the personal and financial success of Spanish-speaking and bilingual persons as well as to inspire Latinos/as to pursue their dreams and become leaders in their communities.

Our mission is to provide Latino workers a fast-track education and basic academic knowledge in Computer Technology, ESL, and GED preparation to help them advance from a low-English level to a college ready English level while preparing them for a successful entry into a vocational certificate program or other post-secondary program.

Our vision is to prepare first generation Latino immigrants, specifically injured workers with the skills and knowledge to gain or upgrade employment in order to obtain financial independence so that they may positively and productively contribute to their own family and local community.

History

Latino Educational Training Institute (LETI) is a non-profit, 501(c) (3) organization located in Lynnwood, Washington that serves the Latino Community in Snohomish and Skagit County. It was founded in 1998 to address the lack of adequate information and resources within the Latino community.

Vocational School Latino Educational Training Institute

LETI is not alone in its efforts to support the Latino immigrant community. We work with and support the efforts of community partners such as Lutheran Community Services Northwest “Familias Unidas” and El Centro de la Raza. While we are all working toward the same goal of a successful Latino immigrant community, LETI differentiates itself in a couple of ways. Geographically, LETI concentrates its efforts in Lynnwood and South Snohomish County. Familias Unidas does have a Lynnwood presence but is primarily focused on Health Care and referral services. Likewise, El Centro de la Raza is a fixture in Seattle and King County but has no presence in Snohomish County. Additionally, LETI is differentiated by its primary focus on education and leadership for youth and adults.

Within the non-profit and educational community, LETI has a Memorandum of Understanding with Edmonds College, UW Bothell, and Financial Beginnings to work together in support of education for the Latino community. From its beginnings LETI has been dedicated to ongoing work in the areas of education, economic development and homeownership among the community at large and specifically among first-generation Latino immigrants in Snohomish County.

For the past nine years LETI has coordinated and directed the Latino Leadership Initiative (LLI) in coordination with Edmonds College, Everett Community College and Skagit Valley College. Each of the colleges recruit ten Latino students to participate in this annual program. Over the course of six months these thirty students are taught leadership skills, as well as the history of Latinos in Washington State. They have the chance to meet and learn from professors, politicians and community leaders. In addition to the program curriculum, LETI leverages its 25+ years of community work and relationships to secure summer internships for the LLI graduates.

LETI seeks to continue to expand and formalize its programs that focus on serving Latino immigrants in low income households who have limited English language skills and a limited understanding of the financial and educational

Vocational School Latino Educational Training Institute

systems of the United States. If we are to promote economic development, financial success, and homeownership in the Latino community, community members must know how to manage their financial assets and have a clear understanding of the standard practices of the American financial system.

Grading System

Vocational School Latino Educational Training Institute

Latino Educational Training Institute uses a numerical grading system. Instructors may report grades from 4.0 to 0.7 in 0.1 increments and the grade 0.0. The number 0.0 is assigned for failing work or unofficial withdrawal. Grades in the range 0.6 to 0.1 may not be assigned. Grades reported in this range are converted by the Office of the Registrar to 0.0. Numerical grades may be considered equivalent to letter grades as follows:

Grading Scale

A	4.0 - 3.9
A-	3.8 - 3.5
B+	3.4 - 3.2
B	3.1 - 2.9
B-	2.8 - 2.5
C+	2.4 - 2.2
C	2.1 - 1.9
C-	1.8 - 1.5
D+	1.4 - 1.2
D	1.1 - 0.9
D-	0.8 - 0.7 Lowest passing grade.
E	0.0 Failure or unofficial withdrawal. (No Clock Hours earned)

Final grades will be mailed to the student at the address on record with the Admissions Office no more than 30 days after the end of Quarter.

The following letter grades may be used:

I- Incomplete grades may be awarded only if the student is doing satisfactory work up until the last two weeks of the quarter. Students must not re-register for courses in which they have received an Incomplete, since a grade earned in a repeat course will not be recorded as an incomplete conversion grade. To obtain Clock Hours for the course, students must convert an Incomplete into a

Vocational School Latino Educational Training Institute

passing grade no later than the last day of the next quarter. An Incomplete, not made up by the end of the next quarter, will be converted to the grade of 0.0 by the Registrar, unless the instructor has indicated, when assigning the Incomplete grade, that a grade other than 0.0 should be recorded, if the incomplete work is not completed. The original incomplete grade is not removed from the transcript. An instructor may approve an extension of the incomplete removal deadline by writing to the Office of the Registrar, no later than the last day of the quarter, following the quarter in which the incomplete grade was assigned. Extensions, which may be granted for up to three additional quarters, must be received before the Incomplete has been converted into a failing grade. In no case can an Incomplete, received by a student, be converted to a passing grade after a lapse of one year.

S- Satisfactory grade for courses taken on a satisfactory/not-satisfactory basis. An S grade is automatically converted from a numerical grade of 2.0 or above. The grade S may not be assigned directly by the instructor, but is a grade conversion by the Office of the Registrar. S/NS graded courses may not be used to satisfy major or general education requirements. S is not computed in GPA calculations.

NS- Not-satisfactory grade for courses taken on a satisfactory/not-satisfactory basis. A grade less than 2.0 for undergraduates is converted to NS. NS is not included in GPA calculations. No Clock Hours are awarded for courses in which an NS grade is received.

W- Official withdrawal or drop from a course is allowed from the third through the seventh week of the quarter. A number designating the week of the quarter is recorded with the W, when a course is dropped. It is not computed in GPA calculations.

Policies

Withdrawal Policy

Students are responsible for withdrawing officially from any course, if necessary. Failure to attend class or stopping attendance does NOT constitute an official withdrawal. Students are responsible to drop the course(s) by coming in-person or online by the deadline listed on the Academic calendar. A failing grade will be awarded to those students that simply stop attending any course without an “excused” withdrawal. Excused withdrawals include, but are not limited to, the following: medical withdrawal or a withdrawal due to extenuating circumstances (documentation is required).

Please see the “Cancellation and Refund Policy” below for refund information.

Probation For Below Average Grades

Students who fail to maintain the minimum grade point average of 2.0 required for graduation will need to enter a probation period. The student will be scheduled for in-school instructor-led assistance. Students unable to increase their grade point averages may be dismissed from the program. Refunds will be given in accordance with the school’s refund policy.

Student Evaluation Techniques

A test may be administered after each lesson to determine the amount of learning that has taken place. Test scores that are below 75 percent are an indication that the necessary skills for entry into employment were not acquired. Administration may provide progress reports at predetermined

Vocational School Latino Educational Training Institute

intervals in the program. Students should make arrangements for additional practice, independent study, or tutoring, if needed. Grades and/or assessments will be provided to the students on a weekly basis with a final report and transcript provided at the completion of the program if the student is in good status. Other methods of evaluation may include oral quizzes, skill development tests, hands-on skill evaluation, and individual and group projects.

Attendance

The Institute emphasizes the need for all students to attend classes in order to develop the skills and attitudes necessary to complete the goals that they want to achieve. Attendance is mandatory for all courses. Students are expected to attend every scheduled class, be on time, and attend for the entire scheduled class time. Attendance is taken in each class and is recorded permanently. Students arriving late for a class or leaving early are considered tardy. Tardiness and being absent will affect a student's grades.

Tardiness

Developing a good work ethic is an important part of the training at the Latino Educational Training Institute. Students arriving late for class are interrupting the instructor and other students. Students who arrive 30 minutes late will be counted as absent.

Make-up Work

Lessons and/or assignments missed due to absences must be made-up within five business days of returning to school. Students should meet with their instructors to get missed assignments. Make-up work may be required to complete the approved hours of the program(s). Without completing all

Vocational School Latino Educational Training Institute

the missed hours the school may withhold the final certificate until the hours are completed.

Student Code of Conduct

As a prerequisite for admission, each Latino Educational Training Institute applicant must sign and agree to abide by certain academic and social standards indicated in our Code of Student Conduct. Violations of the Code of Student Conduct will result in penalties, including reprimand, probation, suspension, or dismissal – depending upon the seriousness or frequency of the violation. School officials will determine the appropriate penalty on all conduct violations. Credit for Previous Training

Latino Educational Training Institute is committed to helping students reach their educational goals as quickly as possible. However, technology changes rapidly and what was learned in an earlier program may no longer be applicable. To ensure that our students graduate with the skills necessary to achieve success in the workplace we will give recognition for previous training only after the student has taken and passed a program proficiency test.

Vocational School Latino Educational Training Institute

Students wishing to receive recognition for previous training must show proof of previous training.
